As-Built Drawings and Site Drawings CIA Headquarters Area
(RE-LO-269-69P)

1. The Real Estate and Construction Division is working with General Services Administration (GSA), Region 3, to have prepared updated site drawings and as-built drawings of the CIA Headquarters area. The purposes of these drawings are both to facilitate planning for future construction and the normal day-to-day operations and maintenance and other activities at the Headquarters.

2. Please issue a work order to GSA using the attached scope of work. You already have available the \$13,000 previously set aside by the Budget and Fiscal Branch, OL, for this project.
